

# MedOne Ophthalmology

The essential reference  
for ophthalmology

# MedOne Ophthalmology

**MedOne Ophthalmology** is the ultimate resource for mastering the complexities of eye diseases and their treatment. Packed with expert content, cutting-edge topics, and high-quality videos, it's designed to support both learning and teaching at every level.

Ideal for residents and seasoned specialists, MedOne's powerful platform streamlines studying, research, and professional development across the department.

Created specifically for residency programs and practicing surgeons, MedOne offers clear answers and guidance on key diagnostic and surgical management challenges in ophthalmology.

## What MedOne can do:

### For the specialist

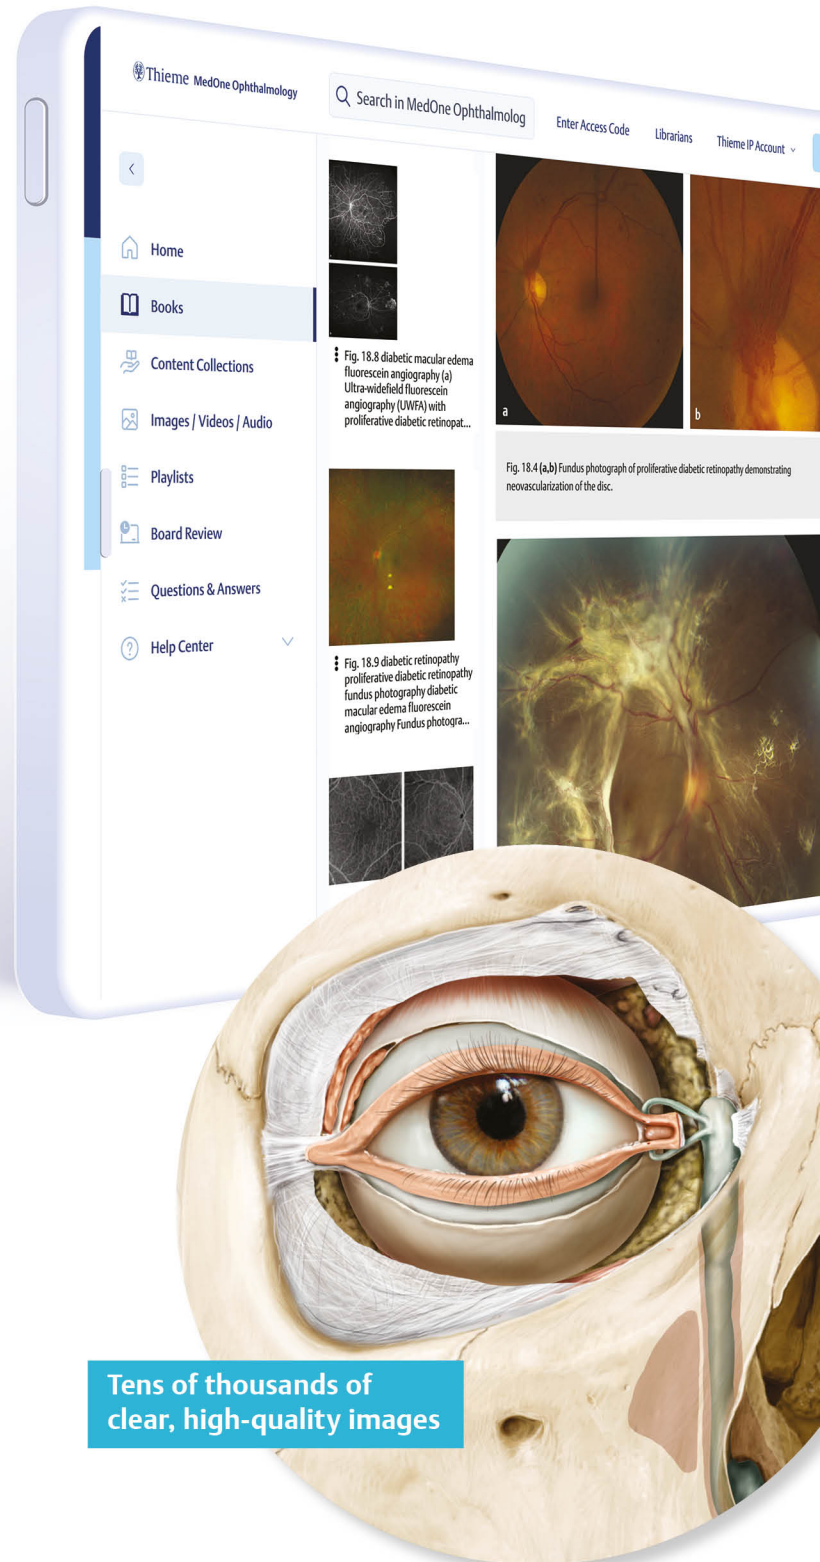

- Develop advanced surgical techniques
- Quick reference for standard procedures
- Benefit from a network of cases, research, and specialized content
- Stay current with leaders in the field

### For the resident

- Build confident surgical skills
- Train with accessible board review and Q&A resources
- Reference a vast library of technical videos
- Follow expert advice for operative cases

### For your institute

- Cultivate a culture of learning anytime
- Appeal to prospective residents and faculty
- Improve quality and efficiency of teaching

Tens of thousands of  
clear, high-quality images

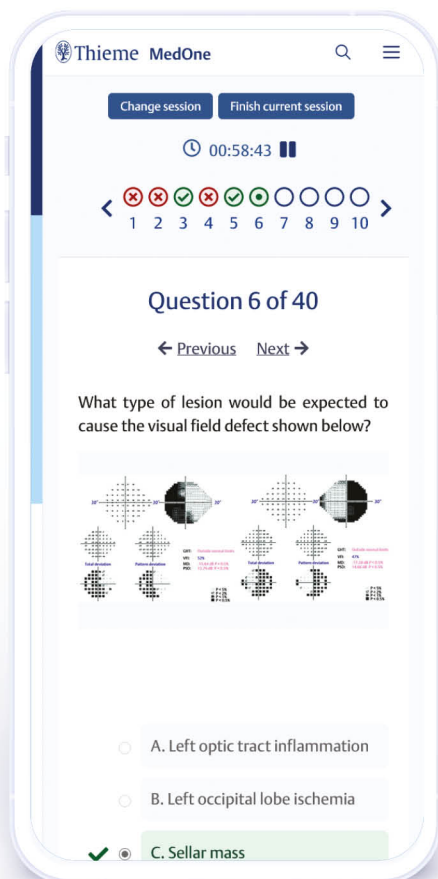

# Expert ophthalmology resources

## Before surgery

See how to manage postblepharoplasty ptosis in the upper eyelid with detailed surgical photos and clear anatomic illustrations, or watch an anterior transposition of the inferior oblique. The wealth of videos, images, and text are comprehensive, didactic, and created by expert surgeons.

## With the boards approaching

Quiz yourself with timed Q&A designed for the ABO and OKAP exams. Thousands of multiple-choice questions, with answer explanations, comes in an intuitive, feature-heavy interface. Plus, review for oral boards, rounds, and more with a variety of easily accessible board review content – including outlines and cases.

## Board Prep with Interactive Q&A

Hundreds of Q&A, designed for the boards, come in a feature-heavy interface that lets residents create quizzes and track progress.

Download the **MedOne App** for on-the-go learning!

## When writing, presenting, or teaching

As you research, download content as a PDF or PPT slide with automatically included bibliographic info that's compatible with reference manager software. MedOne's Playlist feature lets you save and organize content for yourself, or to share with students and colleagues.

## Everyday

Review procedures, cases, browse the latest research, read a chapter or watch an operative video. The depth of content is easily searchable, and with the ability to highlight, take notes, plus access remotely or offline through the MedOne App, you can review the exact information you need, when you need it – making MedOne the ultimate daily reference.
